MAJESTIC GREENHOUSE

One shadenet supplied with each greenhouse
Wall Panels: 6mm Double wall opaque polycarbonate UV protected
Roof Panels: 4mm Double wall opaque polycarbonate

Models	Width (metres)	Length (metres)	Height (metres)	Door Height (metres)	Door Width (metres)	Vents	Louvre
TRGH34MAJ	1.97	2.59	2.29	2.05	0.58	1	1
TRGH36MAJ	1.97	3.83	2.29	2.05	0.58	2	2
TRGH38MAJ	1.97	5.07	2.29	2.05	0.58	3	3

GH30MAJM
Middle Section Optional Extension

Extension Kit

Models	Width	Length	Height	Vents	Louvre
TRGH30MAJM	1.97	1.24	2.29	1	1

EASY TO ASSEMBLE:

Innovative PUSH & FIT Rion Connectors enable you to build the greenhouse yourself, saving time & money. No tools necessary.

PVC MODULAR STRUCTURE:

The modular nature of the greenhouse allows you to decide which size suits you. The PVC framework means the greenhouse is corrosion free.

TWIN WALL POLYCARBONATE Characteristics of:

Light Transmission

Greater light transmission compared with all other covering materials.

Diffused Light

Transmission haze is superior to single wall polycarbonate. It greatly reduces light being radiated directly onto plants and minimises shadows, encouraging uniform growth.

Thermal Insulation

Superior thermal insulation with an R factor of 1.38. This reduces energy loss during winter 50% more than single wall polycarbonate.

SAFE, STURDY & DURABLE:

Polycarbonate is extremely strong, safe and will not shatter or break like glass. Combined with PVC profiles, the construction characteristics allow the structure to be wind resistant and hold up to 500kg of snow.

GRAND GARDENER

One shadenet supplied with each greenhouse
Wall Panels: 6mm Double wall opaque polycarbonate UV protected
Roof Panels: 4mm Double wall opaque polycarbonate

Models	Width (metres)	Length (metres)	Height (metres)	Door Height (metres)	Door Width (metres)	Vents	Louvre
TRGH44GG	2.59	2.59	2.38	2.05	1.2	1	1
TRGH46GG	2.59	3.83	2.38	2.05	1.2	2	2
TRGH48GG	2.59	5.07	2.38	2.05	1.2	3	3

GH40GGM
Middle Section
Optional Extensions

Extension Kit

Models	Width	Length	Height	Vents	Louvre
TRGH40GGM	2.59	1.24	2.38	1	1

LEAN TOO GREENHOUSES

One Roof vent supplied with each greenhouse

Models	Width (metres)	Length (metres)	Height (metres)	Door Height (metres)	Door Width (metres)
GHLT34	1.95	2.60	2.42	1.70	0.58

Extension Kit

Models	Width (metres)	Length (metres)	Height (metres)	Door Height (metres)	Door Width (metres)
GHLT30M	1.95	0.62	2.42	1.70	0.58

ACCESSORIES

BASE KIT:

Base kits are a necessary accessory to be able to secure your greenhouse to the ground or to increase usable head height.

Models	Accessories
GHBK34	Base Kit for GH34MAJ - Black
GHBK36	Base Kit for GH36MAJ - Black
GHBK38	Base Kit for GH38MAJ - Black
GHBK44	Base Kit for GH44GG - Black
GHBK46	Base Kit for GH46GG - Black
GHBK48	Base Kit for GH38GG - Black
GHBKLT34	Base Kit for GHLT34
GHBKEX1	Base Extension Kit - 1 Module

Window Louvre:

Replaces a single panel in the back wall, for extra ventilation.

Models	Accessories
GHWINLUV	Window Louvre for Majestic & Grand Gardener
GHWINLUVL	Window Louvre for Lean Too
GHWINLUVLGG	Window Louvre for Grand Gardener

Roof Vent:

Additional manual roof vents are available to install in the roof to further improve air circulation.

Models	Accessories
GHRV30	Roof Vent for Majestic
GHRV40	Roof Vent for Grand Gardener
GHRV30LT	Roof Vent for Lean Too

Automatic Vent Opener:

Automatic vent openers improve temperature control by opening and closing vents automatically at desired temperature. No power required.

Models	Accessories
GHAVO	Auto Vent Opener for all Vent Opener
GHALO	Auto Louvre Opener For Grand Gardener

Three Tier Staging:

The resin based staging is corrosion free, durable and ideal for potting, use as a plant stand and additional storage.

Models	Accessories
GHSTAGE3	Three Tier Staging

Plant Support Clip:

The 10 clips provide an effective and easy alternative to hang your plants.

Models	Accessories
GHCLIP	Plant Support Clips - 10pc

Solar Light:

Solar lamp easily mounted on any Rion Greenhouse will provide "clean" bright light.

Models	Accessories
GHSOLAR	Solar Light

Gutter Kit:

To utilise run off and maximise water storage gutter and downpipe kits are available.

Models	Accessories
GHGK32	Gutter Kit for GH32MAJ
GHGK34	Gutter Kit for GH34MAJ
GHGK36	Gutter Kit for GH36MAJ
GHGK38	Gutter Kit for GH38MAJ
GHGK44	Gutter Kit for GH44MAJ
GHGK46	Gutter Kit for GH46MAJ
GHGK48	Gutter Kit for GH48MAJ
GHGK4	Gutter Kit Assembly 4'
GHGK8	Gutter Kit Assembly 8' include down pipe

Shade Net:

A high quality metallised knitted reflective screen which is flexible, light, strong and easy to spread. Provides optimal diffused light transmission to the crops. Prevents radiation in plants and fruits and reduces the heat in greenhouses during hot days. They are very efficient for energy conservation in the winter and at night.

Models	Accessories
GHSN34	Shade Net Kit for GH34MAJ
GHSN44	Shade Net Kit for GH44GG
GHSN46	Shade Net Kit GH36MAJ & GH46GG
GHSN48	Shade Net Kit GH36MAJ & GH46GG
